Subject Index—Volume 19, 1995

A

Abdominal Surgery
comparison of antibiotic prophylaxis for wound infection prevention after (Kow et al.), 680
Absorbable Fine Mesh
hemorrhaging with hepatic injuries controlled by (Frame et al.), 575
Acquired Immunodeficiency Disease (AIDS)
pattern of arterial aneurysms in (Marks et al.), 127
Acute Respiratory Distress Syndrome (ARDS)
multiple organ failure and therapeutic strategy for (Barie), 581
Adenocarcinoma
from Barrett's epithelium, multimodal treatment of (Roth), 205
Adjuvant Chemotherapy
for gastric cancer (Fink et al.), 509
Adjuvant Therapy
for colorectal cancer (Steele), 241
for pancreatic cancer (Douglass), 270
intraportal, for colorectal hepatic metastases (Laffer et al.), 246
Adrenocortical Carcinoma
hepatic resection of metastases from (Schwartz), 72
Air Enema
nonfluoroscopic reduction of intussusception by (Wang et al.), 435
Alcohol
relation to changes in bone mass after partial gastrectomy (Krogsgaard et al.), 867
Alimentary Tract
octreotide treatment for postoperative fistulas of (Paran et al.), 430
Ampullary Cancer
role of pylorus-preserving pancreatoduodenectomy in managing (Shirai et al.), 102
Anal Cancer
radiochemotherapy for (Schlag et al.), 282
Angiotensin II Induced Hypertension Chemotherapy
for unresectable gastric cancer (Sato et al.), 836
Antimicrosomal Hemagglutination Antibody (MCHA)
role in early recurrence of hyperthyroidism and thyroidectomy (Sugino et al.), 648
Antioxidant Therapy
reduction of postburn resuscitation fluid volume requirements using vitamin C as (Matsuda et al.), 287
Antioxidative Vitamin Treatment
effect on lipid peroxidation and limb swelling after revascularization (Rabl et al.), 738
Aortic Isthmus
treatment of traumatic rupture of (Pate et al.), 119
Appendiceal Cancer
treatment of peritoneal carcinomatosis from (Sugarbaker), 235
Arterial Aneurysms
pattern associated with HIV-positive status (Marks et al.), 127
Arterial Ketone Body Ratio
extent of hemorrhagic shock measured by (Nakatani et al.), 592
glucose load in hepatectomy and response of (Kagawa et al.), 603
Australia
current incidence of nonmetastasizing invasive melanoma in (Burton et al.), 330
incidence of melanoma in children in (McWhirter et al.), 334

B

Bacterial Translocation
effect of fiber on (Frankel et al.), 144
Barrett's Epithelium
multimodal treatment of adenocarcinoma associated with (Roth), 205
Barrett's Esophagus
gastritis in (Mason et al.), 96
Basal Cell Carcinoma
spontaneous regression of associated with infiltrating $CD4^+$ T cells (Halliday et al.), 352
Benign Extrahepatic Biliary Obstruction
long-term outcome of cholecystoenterostomy for relief of (Oishi et al.), 616
Benign Hepatic Tumor
selective management of (Nagorney), 13
Bilateral Inferior Petrosal Sinus Sampling
role of CRH test in diagnostic accuracy of (Zarrilli et al.), 150
Bile Duct
repair of injuries after laparoscopic cholecystectomy (Schol et al.), 753
resection and bypass for malignant obstruction of (Myburgh), 108
Biliary Bypass
versus Whipple resection for pancreatic head tumor (Reinders et al.), 410
Biliary Cancer
in hamsters, effect of cholecystokinin on (Ikematsu et al.), 847
Biliary Manometry
sphincter of Oddi function evaluated by (Miyazaki et al.), 307
Biliary Obstruction
long-term outcome of cholecystoenterostomy for relief of (Oishi et al.), 616
Biliodigestive Anastomosis
for repair of bile duct injuries (Schol et al.), 753
Bilioenteric Bypass
biliary obstruction treated by (Myburgh), 108
Blunt Trauma
comparison of two modalities of pain relief for (Gabram et al.), 388
Bone Mass
after gastrectomy, vagotomy, cholecystectomy (Marcinowska-Suchowierska et al.), 597
changes after partial gastrectomy (Krogsgaard et al.), 867
Bone Metastases
role of osteolytic factors from breast tumor cells in (Tabuenca et al.), 292
Breast Cancer
diagnostic outcome of repeated mammographic screening for (Arnesson et al.), 372
tuberculosis mastitis misdiagnosed as (Shinde et al.), 379
Breast Tumor Cells
study of osteolytic factors produced by (Tabuenca et al.), 292
Burns
antioxidant therapy using high-dose vitamin C (Matsuda et al.), 287

C

Calcium Homeostasis
after gastrectomy, vagotomy, cholecystectomy (Marcinowska-Suchowierska et al.), 597
Carcinoembryonic Antigen Levels
in peritoneal washings as prognosis for gastric cancer (Nishiyama et al.), 133
Cardiac Allografts
effect of pretransplant intrathymic inoculation of donor antigen and FK506 on survival of (Motoyama et al.), 299
Cardiac Transplant
timing and indications for cholecystectomy and (Begos et al.), 661
Cefotaxime
plus metronidazole vs cefoxitin for prevention of wound infection (Kow et al.), 680
Cefoxitin
vs cefotaxime plus metronidazole for prevention of wound infection (Kow et al.), 680
Cervical Node Disease
occult well-differentiated thyroid cancer presenting as (Sanders et al.), 642
Chemohyperthermia
for malignant melanoma (Bryant et al.), 363

peritoneal recurrence of gastric cancer treated by (Yonemura et al.), 450
recurrent melanoma treated with (Di Filippo et al.), 359
Chemoradiation
role in preoperative combined modality therapy for pancreatic cancer (Rich et al.), 264
Chemotherapy
neoadjuvant, for gastric cancer (Fink et al.), 509
role in converting unresectable hepatoblastoma to resectable (Reynolds), 814
role in converting unresectable hepatocellular carcinoma to resectable (Sitzmann), 790
with hyperthermia, for malignant melanoma (Bryant et al.), 363
with hyperthermia, peritoneal recurrence of gastric cancer treated by (Yonemura et al.), 450
with hyperthermia, treatment of recurrent melanoma with (De Filippo et al.), 359
with megestrol, effect on metastatic melanoma patients (Nathanson et al.), 337
Children
in Australia, incidence of melanoma in (McWhirter et al.), 334
recurrent inguinal hernias in (Steinau et al.), 303
Cholangiocarcinoma
hepatolithiasis associated with (Kubo et al.), 637
surgical treatment of (Pichlmayr et al.), 83
Cholecystectomy
calcium/phosphate/vitamin D homeostasis and bone mass after (Marcinowska-Suchowierska et al.), 597
extended, for gallbladder cancer (Onoyama et al.), 758
in cardiac transplant patients (Begos et al.), 661
long-term survival after (Andersen et al.), 609
Cholecystoenterostomy
for benign extrahepatic biliary obstruction treated by (Oishi et al.), 616
Cholecystokinin
enhancement of biliary carcinoma in hamsters by (Ikematsu et al.), 847
Clearance Meter
indocyanine green removal rate measured by (Shimizu et al.), 113
Coelioscopic Cholecystectomy
results of (Dubois et al.), 748
Colon Cancer
optimal dose of garlic to inhibit dimethylhydrazine-induced (Cheng et al.), 621
pathogenesis of metastasis of (Gutman et al.), 226
Colorectal Cancer
adjuvant therapy for (Steele), 241
effect of hepatic artery chemotherapy on survival after cryotherapy treatment of hepatic metastases from (Preketes et al.), 768
intraportal chemotherapy for hepatic metastases of (Laffer et al.), 246
pathologic prognostic factors for (Ismail et al.), 178
prognostic factors for survival after surgical treatment for (Lehnert et al.), 252
resection of liver metastases of (Scheele et al.), 59
treatment of peritoneal carcinomatosis from (Sugarbaker), 235
Common Bile Duct Stones
selection criteria for ERCP used in patients with (Trondsen et al.), 852
Constipation
electrorectography in (Shafik), 772
Corticotropin-Releasing Hormone Test
role in diagnostic accuracy of bilateral inferior petrosal sinus sampling (Zarrilli et al.), 150
Cryotherapy
hepatic metastases from colorectal cancer treated with (Preketes et al.), 768
Cushing Syndrome
diagnosis of (Zarrilli et al.), 150
Cytoreduction
of unresectable primary liver cancer (Tang et al.), 47
with sequential resection for unresectable hepatocellular carcinoma (Tang et al.), 784

D

Down Staging
resection of stage IV gastric cancer after (Sato et al.), 836
Duodenal Ulcers
bleeding, therapeutic endoscopy as treatment for (Miller et al.), 89
Duodenogastric Reflux
role in Barrett's esophagus (Mason et al.), 96

E

Ectopic Gastric Tissue
role in Meckel's diverticulum (Bemelman et al.), 734
Electrorectography
in chronic constipation (Shafik), 772
End-Ileostomies
technical aspects and complications of (Carlsen et al.), 632
Endobronchial Brachytherapy
unresectable lung cancer treated by (Aygun et al.), 823
Endoscopic Esophagectomy
reconstruction of esophagus with (Liu et al.), 745
Endoscopic Retrograde Cholangiopancreaticography
selection criteria for patients with gallstone disease (Trondsen et al.), 852
Endoscopy
of esophagogastric varices, rules for recording (Idezuki et al.), 420
role in treatment of early gastric cancer by (Hiki et al.), 517
Esophageal Cancer
adjuvant postoperative radiation therapy after resection of (Zieren et al.), 444
unresectable, comparison of treatments for (Reed), 828
Esophageal Varices
modified nonshunting procedure for (Lin et al.), 424
Esophagectomy
video-assisted endoscopic, for thoracic esophagus (Liu et al.), 745
Esophagogastric Varices
rules for recording endoscopic findings of (Idezuki et al.), 420
Excision Width
for primary malignant melanoma (O'Rourke et al.), 343
role in local melanoma recurrence in scar after limited surgery (Drzewiecki et al.), 346
External Beam Radiation Therapy
as boost to endobronchial brachytherapy for treating unresectable lung cancer (Aygun et al.), 823
combined with intraoperative irradiation for gastrointestinal cancers (Gunderson et al.), 191
for rectal cancer (Cummings), 275

F

Fenestration
polycystic liver disease managed by (Farges et al.), 25
FK506 Treatment
in combination with donor antigen, effect on cardiac and renal allograft survival (Motoyama et al.), 299
5-Fluorouracil
as adjuvant therapy for colorectal cancer (Steele), 241
as adjuvant therapy for gastric cancer (Nakajima), 570
as intraportal chemotherapy for colorectal hepatic metastases (Laffer et al.), 246
role in preoperative combined modality therapy for pancreatic cancer (Rich et al.), 264

with leucovorin as adjuvant therapy of gastric cancer (Macdonald et al.), 221
Focal Nodular Hyperplasia
management of (Nagorney), 13
Food Passage
reconstruction of, after total gastrectomy (Fuchs et al.), 698

G
Gallbladder Cancer
extended cholecystectomy for (Onoyama et al.), 758
Gallstone Disease
selection criteria for ERCP used in patients with (Trondsen et al.), 852
Garlic
inhibition of dimethylhydrazine-induced colon cancer by (Cheng et al.), 621
Gastrectomy
calcium/phosphate/vitamin D homeostasis and bone mass after (Marcinowska-Suchowierska et al.), 597
changes in bone mass after correlated with tobacco and alcohol consumption (Krogsgaard et al.), 867
comparison of food passage reconstruction techniques after total gastrectomy (Fuchs et al.), 698
extended, gastric cancer treated by (Köckerling et al.), 541
pancreas-preserving, for treating proximal gastric cancer (Maruyama et al.), 532
pylorus-preserving, evaluation of (Kodama et al.), 456
reconstruction and quality of life after (Buhl et al.), 558
Gastric Cancer
adjuvant therapy for (Macdonald et al.), 221; (Nakajima), 570
carcinoembryonic antigen levels in peritoneal washings as prognosis for (Nishiyama et al.), 133
effect of extended gastrectomy on morbidity, mortality, and results of (Köckerling et al.), 541
evaluation of endoscopic treatment of (Hiki et al.), 517
evaluation of pylorus-preserving gastrectomy for (Kodama et al.), 456
intraoperative radiation therapy for (Abe et al.), 554
lymphadenectomy for (Roder et al.), 546
MMC-CH treatment of peritoneal carcinomatosis recurring after (Takahashi et al.), 565
molecular biology of (Tahara), 484
neoadjuvant chemotherapy for (Fink et al.), 509
pathologic prognostic factors for (Ismail et al.), 178
potentially resectable, staging and preoperative therapy for (Ajani et al.), 216
preoperative staging and multimodal treatment of (Sendler et al.), 501
prognostic factors influencing outcome of (Harrison et al.), 496
prophylaxis with intraoperative chemohyperthermia against peritoneal recurrence of (Yonemura et al.), 450
proximal, pancreas-preserving total gastrectomy for (Maruyama et al.), 532
proximal third, prognostic factors of (Siewert et al.), 523
splenectomy for curing (Okajima et al.), 537
survival after resection of (Lee et al.), 707
TNM classification of (Hermanek et al.), 491
unresectable, angiotensin II induced hypertension chemotherapy for (Sato et al.), 836
unresectable, preoperative chemotherapy for (Wilke et al.), 210
Gastritis
in Barrett's esophagus (Mason et al.), 96
Gastrointestinal Cancer
external beam plus intraoperative irradiation for (Gunderson et al.), 191
pathologic prognostic factors for (Ismail et al.), 178
staging as precondition for multimodal treatment of (Siewert et al.), 168
Glucose Load
in hepatectomy, response of arterial ketone body ratio and insulin secretion to (Kagawa et al.), 603
Graves' Disease
treated by subtotal thyroidectomy and early recurrence of hyperthyroidism (Sugino et al.), 648

H
Hamsters
enhancement of biliary cancer by cholecystokinin in (Ikematsu et al.), 847
Hepatitis C Virus
among Japanese general surgical patients (Yanage et al.), 694
Hemorrhage
with hepatic injuries treated with absorbable fine mesh (Frame et al.), 575
Hemorrhagic Shock
arterial ketone body ratio as parameter of hepatic mitochondrial redox state after (Nakatani et al.), 592
Heparin
effect on inguinal hernia postoperative wound hematomas (Schmitz et al.), 416
Hepatectomy
for hepatocellular carcinoma, liver function and prognosis after (Yasui et al.), 439
response of arterial ketone body ratio and insulin secretion to glucose load in (Kagawa et al.), 603
Hepatic Artery Chemotherapy
hepatic metastases from colorectal cancer treated with (Preketes et al.), 768
Hepatic Hydatid Cyst
management of intrabiliary rupture of (Ulualp et al.), 720
Hepatic Hydatid Disease
diaphragmatic or transdiaphragmatic thoracic involvement in (Gómez et al.), 714
laparoscopic surgery of (Alper et al.), 725
Hepatic Injuries
intrahepatic absorbable fine mesh packing of (Frame et al.), 575
Hepatic Mitochondrial Metabolism
after hemorrhagic shock measured by arterial ketone body ratio (Nakatani et al.), 592
Hepatoblastoma
conversion of unresectable to resectable (Reynolds), 814
Hepatocellular Adenoma
management of (Nagorney), 13
Hepatocellular Carcinoma
conversion of unresectable to resectable (Sitzmann), 790
cytoreduction and sequential resection for (Tang et al.), 784
impaired liver function after hepatectomy for (Yasui et al.), 439
in cirrhotic liver, nonsurgical treatment of (Ohto et al.), 42
in noncirrhotic liver, surgical treatment of (Bismuth et al.), 35
liver resection for treatment of (Kawasaki et al.), 31
liver transplantation for treatment of (Selby et al.), 53
percutaneous ethanol injection in treatment of (Livraghi et al.), 801
prognostic factors for survival after surgical treatment for (Lehnert et al.), 252
Hepatolithiasis
cholangiocarcinoma and (Kubo et al.), 637
Human Chromosome 4q21
involvement in malignant melanoma (Grammatico et al.), 350

Human Immunodeficiency Virus (HIV)
arterial aneurysms associated with status of (Marks et al.), 127
Hyperthermia
for malignant melanoma (Bryant et al.), 363
with chemotherapy, peritoneal recurrence of gastric cancer treated by (Yonemura et al.), 450
with chemotherapy, recurrent melanoma treated with (Di Filippo et al.), 359
Hyperthermic Isolated Limb Perfusion
for malignant melanoma (Bryant et al.), 363
Hyperthyroidism
Graves' disease treated by subtotal thyroidectomy and recurrence of (Sugino et al.), 648

I
Ileostomy
complications and technical aspects of (Carlsen et al.), 632
Indocyanine Green
method of measuring hepatic removal of (Shimizu et al.), 113
Infants
recurrent inguinal hernias in (Steinau et al.), 303
Inguinal Hernia
effect of heparin on hematomas after repair of (Schmitz et al.), 416
recurrent in infants and children (Steinau et al.), 303
Insulin Secretion
glucose load in hepatectomy and response of (Kagawa et al.), 603
Interleukin 6
effect of surgical trauma and liver and limb perfusion on activation of (Arnestad et al.), 861
Intestinal Mucin Content
effect of fiber on (Frankel et al.), 144
Intrabiliary Rupture
of hepatic hydatid cyst, management of (Ulualp et al.), 720
Intraoperative Irradiation (IORT)
combined with external beam irradiation for gastrointestinal cancer (Gunderson et al.), 191
Intraperitoneal Chemotherapy
peritoneal carcinomatosis treated by (Takahashi et al.), 565
Intraportal Chemotherapy
for colorectal hepatic metastases (Laffer et al.), 246
Intrathymic Inoculation
of donor antigen combined with FK506, effect on cardiac and renal allograft survival (Motoyama et al.), 299
Intussusception
nonfluoroscopic reduction by air enema (Wang et al.), 435

J
Japan
hepatitis C virus infection in surgical patients in (Yanaga et al.), 694
Jejunal Interposition
compared with Roux-en-Y after total gastrectomy (Fuchs et al.), 698
Jejunal Pouch Reconstruction
after gastrectomy (Buhl et al.), 558
Juxtapapillary Duodenal Diverticula
sphincter of Oddi function in patients with (Miyazaki et al.), 307

K
Klatskin Tumors
resection of (Myburgh), 108

L
Laparoscopic Cholecystectomy
evaluation of three-trocar technique (Slim et al.), 394
factors for converting to open cholecystectomy from (Sikora et al.), 858
repairs of bile duct injuries after (Schol et al.), 753
Laparoscopic Surgery
of hepatic hydatid disease (Alper et al.), 725
Laparoscopy
diagnostic and therapeutic role in nontraumatic acute abdomen (Navez et al.), 382
Laser Irradiation
role in treatment of early gastric cancer by (Hiki et al.), 517
Leucovorin
with 5-fluorouracil as adjuvant therapy of gastric cancer (Macdonald et al.), 221
Leukocyte Activation
by isolated hyperthermic liver and limb perfusion due to malignancy (Arnestad et al.), 861
Limb Perfusion
leukocyte activation by (Arnestad et al.), 861
Limb Swelling
effect of antioxidative vitamin treatment after revascularization (Rabl et al.), 738
Lipid Peroxidation
effect of antioxidative vitamin treatment after revascularization (Rabl et al.), 738
Liver
neuroendocrine metastases of (Ihse et al.), 76
noncirrhotic, surgical treatment of hepatocellular carcinomas in (Bismuth et al.), 35
Liver Cancer
unresectable, role of intralesional ethanol in treatment of (Livraghi et al.), 801
unresectable, role of transplantation in treatment of (Pichlmayr et al.), 807
unresectable, transcatheter arterial chemoembolization in treatment of (Yamada et al.), 795
Liver Function
indocyanine green removal rate measurement reflects (Shimizu et al.), 113
role in prognosis after hepatectomy for hepatocellular carcinoma (Yasui et al.), 439
Liver Hemangioma
resection of (Farges et al.), 19
Liver Metastases
from colorectal cancer, effect of hepatic artery chemotherapy on survival of patients with (Preketes et al.), 768
of colorectal cancer, intraportal metastases (Laffer et al.), 246
of colorectal carcinoma, resection of (Scheele et al.), 59
Liver Perfusion
leukocyte activation by (Arnestad et al.), 861
Liver Resection
cholangiocellular carcinoma treated by (Pichlmayr et al.), 83
for noncolorectal and nonneuroendocrine metastases (Schwartz), 72
for treating hepatocellular carcinoma (Kawasaki et al.), 31; (Bismuth et al.), 35
intrahepatic posterior approach to portal triad for (Maddern et al.), 764
Liver Transplantation
cholangiocellular carcinoma treated by (Pichlmayr et al.), 83
hepatocellular carcinoma treated by (Selby et al.), 53
role in treatment of unresectable liver cancer (Pichlmayr et al.), 807
Liver Tumors
therapy and prognosis for (Lehnert et al.), 252
Long Intestinal Tube
placement, complications, and risk of (Rodriguez-Ruesga et al.), 627
Lung Cancer
resection of following induction therapy (Rusch), 817
unresectable, brachytherapy treatment of (Aygun et al.), 823
Lymph Node Dissection
as prognostic factor in gastric cancer survival (Roder et al.), 546
with gastric cancer resection, survival after (Lee et al.), 707
Lymph Node Metastases
in malignant melanoma, adjuvant radiation therapy for (Burmeister et al.), 369

Lymphadenectomy
for gastric cancer (Roder et al.), 546

M
Male Breast Cancer
prognostic factors for (Stierer et al.), 693
Mammographic Screening
diagnostic outcome of repeated (Arnesson et al.), 372
Meckel's Diverticulum
age and gender in (Bemelman et al.), 734
Megestrol
with chemotherapy, effect on metastatic melanoma patients (Nathanson et al.), 337
Melanoma
cytogenetic and immunocytochemical characterization of primary cell culture of (Grammatico et al.), 350
effect of megestrol plus chemotherapy on (Nathanson et al.), 337
hyperthermia with chemotherapy for treating recurrence of (Di Filippo et al.), 359
in children in Australia (McWhirter et al.), 334
involvement of human Chromosome 4q21 in (Grammatico et al.), 350
malignant, adjuvant radiation therapy for nodal disease in (Burmeister et al.), 369
malignant, hyperthermic isolated limb perfusion treatment for (Bryant et al.), 363
primary, local recurrence in scar after limited surgery for (Drzewiecki et al.), 346
primary malignant, excision width for (O'Rourke et al.), 343
spontaneous regression of associated with infiltrating $CD4^+$ T cells (Halliday et al.), 352
study of nonmetastasizing invasive form of (Burton et al.), 330
Metastases
pathogenesis of (Gutman et al.), 226
Metronidazole
plus cefotaxime vs cefoxitin for prevention of wound infection (Kow et al.), 680
Mitocycin C
adjuvant chemotherapy for gastric cancer (Nakajima), 570
bound to carbon particles, peritoneal carcinomatosis treated by (Takahashi et al.), 565
Molecular Biology
of gastric cancer (Tahara), 484
Multimodal Treatment
of gastric cancer, preoperative staging for (Sendler et al.), 501
Multiorgan Resection
of gastric cancer, influence on morbidity, mortality, and results of (Köckerling et al.), 541
Multiple Organ Failure
acute respiratory distress syndrome and (Barie), 581

N
Neoadjuvant Therapy
resection of stage III non-small-cell lung cancer following (Rusch), 817
Neopterin
effect of surgical trauma and liver and limb perfusion on activation of (Arnestad et al.), 861
Neuroendocrine Tumors
liver metastases of (Ihse et al.), 76
New Zealand
current incidence of nonmetastasizing invasive melanoma in (Burton et al.), 330
Nontraumatic Acute Abdomen
laparoscopy for management of (Navez et al.), 382

O
Octreotide
for postoperative alimentary tract fistulas (Paran et al.), 430
Omnibionta
effect on lipid peroxidation and limb swelling after revascularization (Rabl et al.), 738
Oncogenes
role in gastric cancer (Tahara), 484
Open Cholecystectomy
conversion from laparoscopic cholecystectomy to (Sikora et al.), 858

P
Pain Relief
study of unilateral rib fractures treated with two modalities of (Gabram et al.), 388
Palliation Methods
for unresectable esophageal cancer (Reed), 828
Pancreas-Preserving Gastrectomy
for treating proximal gastric cancer (Maruyama et al.), 532
Pancreatectomy
pancreatic duct cell cancer treated by (Takahashi et al.), 653
Pancreatic Cancer
adjuvant therapy for (Douglass), 270
preoperative combined modality therapy for (Rich et al.), 264
resection of pancreatic head with and without gastrectomy for (Watanapa et al.), 403
Pancreatic Duct Cell Cancer
feasibility, validity, limitations of aggressive surgery for (Takahashi et al.), 653
Pancreatic Head
resection of, with and without gastrectomy (Watanapa et al.), 403
Pancreatic Head Tumors
Whipple's resection of (Reinders et al.), 410
Pancreatitis
chronic, pancreatoduodenectomy for (Watanapa et al.), 403
chronic, quality of life after surgery for (Petrin et al.), 398
Pancreatoduodenectomy
for chronic pancreatitis (Watanapa et al.), 403
for pancreatic head tumors (Reinders et al.), 410
pylorus-preserving, tumor spread compared with Whipple pancreatoduodenectomy (Shirai et al.), 102
Parathyroid Hormone-Related Protein
role in bone metastases of breast cancer (Tabuenca et al.), 292
Percutaneous Ethanol Injection
hepatocellular carcinoma in cirrhotic liver treated by (Ohto et al.), 42
hepatocellular carcinoma treated by (Livraghi et al.), 801
Periaortic Hematoma
prevention of rupture after traumatic rupture of aortic isthmus (Pate et al.), 119
Peritoneal Carcinomatosis
from colorectal and appendiceal cancer, patient selection and treatment of (Sugarbaker), 235
treated by mitomycin C bound to activated carbon particles (Takahashi et al.), 565
Phosphate Homeostasis
after gastrectomy, vagotomy, cholecystectomy (Marcinowska-Suchowierska et al.), 597
Polycystic Liver Disease
fenestration in management of (Farges et al.), 25
Polymorphonuclear Neutrophilic Elastase
effect of surgical trauma and liver and limb perfusion on activation of (Arnestad et al.), 861
Postoperative Chemotherapy
unresectable breast cancer treated by (Shen et al.), 843
Postoperative Fistulas
of alimentary tract, octreotide for (Paran et al.), 430
Postoperative Radiation Therapy
after resection of esophageal squamous cell carcinoma (Zieren et al.), 444

Postoperative Staging
as basis for postoperative therapy after GI cancer resection (Siewert et al.), 168
Preoperative Chemotherapy
alone and with radiochemotherapy for squamous cell esophageal cancer (Fink et al.), 198
for gastric cancer (Fink et al.), 509
for unresectable gastric cancer (Wilke et al.), 210
unresectable breast cancer treated by (Shen et al.), 843
Preoperative Staging
for potentially resectable gastric carcinoma (Ajani et al.), 216
of gastrointestinal cancer, as precondition for multimodal treatment (Siewert et al.), 168
precondition for multimodal treatment of gastric cancer (Sendler et al.), 501
Preoperative Therapy
combined modality, for pancreatic cancer (Rich et al.), 264
for potentially resectable gastric carcinoma (Ajani et al.), 216
Primary Liver Cancer
unresectable, cytoreduction and sequential resection of (Tang et al.), 47
Primary Malignant Melanoma
excision width for (O'Rourke et al.), 343
local recurrence in scar after limited surgery for (Drzewiecki et al.), 346
Prognostic Factors
for gastrointestinal cancer (Ismail et al.), 178
for male breast cancer (Stierer et al.), 693
for survival after surgical treatment for hepatocellular and colorectal carcinoma (Lehnert et al.), 252
for thyroid cancer presenting as cervical node disease (Sanders et al.), 642
in prognosis after hepatectomy for hepatocellular carcinoma (Yasui et al.), 439
of proximal third versus distal gastric cancer (Siewert et al.), 523
role in outcome of gastric cancer (Harrison et al.), 496
tumor-biology related, for gastric cancer (Sendler et al.), 501
pTNM Classification
role in prognosis of survival of gastrointestinal cancer (Hermanek), 184

Q
Quality of Life
after gastrectomy and pouch reconstruction (Buhl et al.), 558
after surgery for chronic pancreatitis (Petrin et al.), 398

R
Radiation Therapy
for nodal disease in malignant melanoma (Burmeister et al.), 369
for rectal cancer (Cummings), 275
hepatocellular carcinoma in cirrhotic liver treated by (Ohto et al.), 42
intraoperative, for gastric cancer (Abe et al.), 554
role in converting unresectable hepatocellular carcinoma to resectable (Sitzmann), 790
unresectable breast cancer treated by (Shen et al.), 843
Radiochemotherapy
for anal cancer (Schlag et al.), 282
preoperative, for squamous cell esophageal cancer (Fink et al.), 198
Rectal Cancer
radiation therapy for (Cummings), 275
Rectal Prolapse
rectopexy and sigmoid resection treatments for (Huber et al.), 138
Rectopexy
functional results after treatment of rectal prolapse with (Huber et al.), 138
Renal Allografts
effect of pretransplant intrathymic inoculation of donor antigen and FK506 on survival of (Motoyama et al.), 299
Renal Cell Carcinoma
hepatic resection of metastases from (Schwartz), 72
Replantation
history of (Kocher), 462
Residual Tumor Classification
role in assessment of choice of treatment for gastrointestinal cancer (Hermanek), 184
Resuscitation Fluid Volume
postburn, reduced by antioxidant therapy (Matsuda et al.), 287
Revascularization
antioxidative vitamin treatment after (Rabl et al.), 738
Roux-en-Y Reconstruction
compared with jejunal interposition after total gastrectomy (Fuchs et al.), 698

S
Scotland
current incidence of nonmetastasizing invasive melanoma in (Burton et al.), 330
Sigmoid Resection
functional results after treatment of rectal prolapse with (Huber et al.), 138
Silastic Closure
temporary abdominal wall closure in trauma patients using (Howdieshell et al.), 154
Small Bowel Obstruction
long intestinal tube placed for (Rodriguez-Ruesga et al.), 627
Sphincter of Oddi
with juxtapapillary duodenal diverticula, function of (Miyazaki et al.), 307
Splenectomy
gastric cancer treated by (Okajima et al.), 537
Splenic Artery Division
procedure for esophageal varices (Lin et al.), 424
Squamous Cell Esophageal Cancer
adjuvant postoperative radiation therapy after resection of (Zieren et al.), 444
preoperative chemotherapy and combination radiochemotheraoy for (Fink et al.), 198
Stage III Non-Small-Cell Lung Cancer
resection after induction therapy (Rusch), 817
Surgical Patients
in Japan, hepatitis C virus infection in (Yanaga et al.), 694
Survival
after gastric cancer resection with lymphadenectomy (Lee et al.), 707
after liver resection for hepatocellular carcinoma (Kawasaki et al.), 31
after surgical resection of hepatic primary tumor (Lehnert et al.), 252
of Danish women after cholecystectomy (Andersen et al.), 609
of IORT vs. operation-alone gastric cancer patients (Abe et al.), 554
Symptomatic Duodenal Diverticulum
management guidelines for (Jang et al.), 729

T
Taiwan
survival after gastric cancer resection with lymphadenectomy in (Lee et al.), 707
Therapeutic Endoscopy
bleeding duodenal ulcers treated with (Miller et al.), 89
Thyroid Cancer
differentiated, presenting as cervical node disease (Sanders et al.), 642
Thyroid-Stimulating Hormone Binding Inhibitory Immunoglobulin (TBII)
role in early recurrence of hyperthyroidism and thyroidectomy (Sugino et al.), 648

Thyroidectomy
subtotal, recurrent hyperthyroidism in Graves' disease treated by (Sugino et al.), 648
TNM Tumor Classification
of gastric cancer (Hermanek et al.), 491
Tobacco
relation to changes in bone mass after partial gastrectomy (Krogsgaard et al.), 867
Total Parenteral Nutrition
effect of fiber in bacterial translocation caused by (Frankel et al.), 144
Transarterial Infusion Chemotherapy
hepatocellular carcinoma in cirrhotic liver treated by (Ohto et al.), 42
Transcatheter Arterial Chemoembolization (TACE)
unresectable liver cancer treated by (Yamada et al.), 795
Transcatheter Arterial Embolization
hepatocellular carcinoma in cirrhotic liver treated by (Ohto et al.), 42
Trauma Patients
temporary abdominal wall closure in (Howdieshell et al.), 154
Traumatic Rupture of Aorta
management of (Pate et al.), 119
Tuberculosis Mastitis
misdiagnosed as breast cancer (Shinde et al.), 379
Tumor Markers
role in prognosis of gastrointestinal cancer (Ismail et al.), 178
Tumor Necrosis Factor-α
effect of surgical trauma and liver and limb perfusion on activation of (Arnestad et al.), 861
Tumor Stage
as prognostic factor for gastric cancer (Harrison et al.), 496
Tumor Suppressor Genes
role in gastric cancer (Tahara), 484

U
Unresectable Cancer
conversion to resectable cancer from (Sitzmann), 790
cytoreduction and sequential resection for (Tang et al.), 784
in breast, multidisciplinary approach to treatment of (Shen et al.), 843
in esophagus, comparison of treatments for (Reed), 828
in liver, role of intralesional ethanol in treatment of (Livraghi et al.), 801
in liver, role of liver transplantation in (Pichlmayr et al.), 807
in lung, brachytherapy treatment of (Aygun et al.), 823
in stomach, angiotensin II induced hypertension chemotherapy for (Sato et al.), 836
transcatheter arterial chemoembolization in treatment of (Yamada et al.), 795

V
Vagotomy
calcium/phosphate/vitamin D homeostasis and bone mass after (Marcinowska-Suchowierska et al.), 597
Vitamin C
as antioxidant therapy for reducing postburn resuscitation fluid volume requirements (Matsuda et al.), 287
Vitamin D
after gastrectomy, vagotomy, cholecystectomy (Marcinowska-Suchowierska et al.), 597

W
Whipple Pancreatoduodenectomy
tumor spread compared with pylorus-preserving pancreatoduodenectomy (Shirai et al.), 102
Whipple Resection
versus biliary and gastric bypass for pancreatic head tumors (Reinders et al.), 410
Wilms' Tumor
hepatic resection of metastases from (Schwartz), 72
Wound Hematomas
effect of heparin on inguinal hernia postoperative (Schmitz et al.), 416
Wound Infection
comparison of antibiotic prophylaxis for prevention of (Kow et al.), 680
